Holistic Wellness Faire Flagstaff, Az March 6-7

In your journey of increasing holistic awareness, where have you turned to for information, where have you gone? Where/who do you send others to when they seek guidance? What if there was an event showcasing over 50 alternative exhibitors, a marketplace offering information on services and goods? Imagine a place where you could learn about different choices available and discover new therapies, ideas, wellness products and toys; a place where you could play, sample and experience everything, as well as meet new people, have an intuitive reading to answer your deepest life questions and much more.

Well, it is coming and it's all under one roof for one fun weekend: The first annual Holistic Wellness Faire, coming to Flagstaff, Az at the High Country Conference Center on March 6-7th. Bring your friends and take advantage of this opportunity to reconnect with yourself and Mother Earth, this event is all about living holistically.
