

SPIRITUAL MASTER EVENT

SPIRITUAL MASTER PANACHE DESAI IS CALLED TO BRING HOPE AND UNCONDITIONAL LOVE THROUGH A SPIRITUAL AWAKENING TO SEDONA AND SCOTTSDALE

Something powerful is about to happen. On February 21 and 22, take part in an important phenomenon as spiritual master Panache Desai travels to central Arizona to open the hearts of participants *Awakening the Christ Energy* within a strategic pathway between Sedona and Scottsdale.

God's gift of protection is known as the Christ Energy. It has appeared throughout the ages at critical moments when humanity needed support in their evolutionary progress. Different masters under different names have shared this gift in all traditions. This transformative power of God's love and protection is present once again in 2009 to liberate people of the bondage of pain and suffering. Panache Desai is a vehicle for the Christ Energy.

Panache speaks of the Christ Energy as a *gift* that is shared *through him* in the public sessions he holds across the country. He calls it a miracle that dissolves physical, mental and emotional limitations energetically embedded within one's body and mind while infusing the heart and soul with love, light, transformation and inner-healing. Panache is compelled to make this gift available to all – therefore no one is ever turned away based on financial circumstances.

"As our planet evolves, we are living in the most challenging times in modern history," says Panache. "As the economy continues to spiral, homelessness and joblessness grows exponentially with each passing month, Americans are experiencing profound levels of fear and hopelessness. People are desperate for guidance and support and the Divine stands ready to answer."

Panache explains that he is not the doer, but the vehicle for the energy to flow freely, the vehicle for one's awakening. In Panache's presence, attendees experience this energy in both subtle and obvious ways. Some speak of a tangible feeling of a vibration or energy moving through fingers, toes or a general sensation throughout their body. Some are filled with an ecstatic divine love. Some experience the release of that which is limiting them in their personal and spiritual growth. Some feel a deep sense of relaxation, while others have no recognizable physical experience at all. Just as each experience is unique so too are successive sessions with Panache. "Regardless of what one sees, feels or experiences, the shifts on an energetic level are profound," explains Panache. "After attending sessions, participants find they are experiencing a deeper connection to the Divine and living a life of greater balance and harmony."

Through the power of his love, Panache is able to connect with every individual on a soul level. Every person gets what he and she needs for their evolution – in

their own time and in their own way. In Panache's words: "You will always draw to you whatever experience you need at that time for your spiritual and personal growth."

Panache will offer six sessions over two days – in two separate locations. He welcomes participants on Saturday, February 21 in Sedona at the Amara Resort Hotel & Spa and on Sunday, February 22 in Scottsdale at the Hilton Scottsdale Resort.

People often ask which sessions they should attend? No two sessions are alike. From the time one enters a session until its completion, a process of purification burns through past sin, karma, and energetic content. With each successive session, attendees are brought into deeper states of harmony as this energy frees humans from self-imposed limitations restoring them to their original state of God-being.

Panache is one of a new generation of spiritual masters. Born an educated in London, England he is an ordinary man with an extraordinary gift – a gift he has been sharing with people of all ages throughout the world since 2002. A man who laughs a lot and once considered the pop music business, Panache received his spiritual awakening spontaneously at age 23. Since then, he has devoted his life to uplifting humanity at the consciousness level. He now resides in Florida and says that over the next three years he is guided to travel across North America gathering together those who are ready to begin a life-changing, authentic transformative process.

"I'm here as an example to all that no matter what your life experiences are or how you feel about yourself we are all divine with amazing gifts and abilities. It is my role to make that which was once only accessible to a select few, available to all mankind," says Panache. "Together we will open gateways of grace and light across North America benefiting mankind as well as plant Earth." It is this directive that has inspired his 2009 North America tour *Awakening the Christ Energy*.

With a sense of humor that makes him fun to be with, Panache's words are basic and empowering. But no one can explain his gatherings with greater conviction than those who attend. Participants passionately share how their lives began to shift profoundly. There is one message of which you can be certain: Panache Desai's very presence is an exaltation of love.

From here, Panache holds sessions in San Diego, Santa Monica, Santa Barbara and San Francisco from February 24 - March 1. ANCESTORS EVENT

EXCERPT FROM GREEN LIFESTYLES ON PLANET PARADISE Joey Best

Blue Star Prophecy Fulfilled?

The Final Prophecy and Ninth Sign of the Hopi states, "You will hear of a dwelling-place in the heavens, above the earth, that shall fall with a great crash. It will appear as a blue star. Very soon after this, the ceremonies of my people will cease."

A red star named Mira (pronounced my-rah) after the Latin word for 'wonderful,' has an amazing blue comet tail following it. On August 16, 2007, www.sciencedaily.com reported, "People have watched the star break down

for 400 years, but only recently have astronomers noticed that it is leaving (blue) material behind as it cruises through the universe at 80 miles per second. When viewed with ultraviolet imaging from a satellite, Mira displays a wake four times the diameter of the moon, material that may one day build new solar systems, such as carbon and oxygen. Mira is shedding material that will be recycled into new stars, planets and possibly even life as it hurls through our galaxy." Many people believe this is the blue star the Hopi people have been waiting for over a thousand years.

"The story of the Blue Kachina is a very old story, very old," Dr. Robert Ghost Wolf writes in his book, *Last Cry Native American Prophecies & Tales of the End Times*. "I have been aware of the story of the Blue Kachina, since I was very young. I was told this story by grandfathers, who are now between 80 and 108 years of age. It was told to me that first the Blue Kachina would start to be seen at the dances, and would make his appearance known to the children in the plaza during the night dance. This event would tell us that the end times are very near. Then the Blue Star Kachina would physically appear in our heavens, which would mean that we were in the end times."

"In the Final days we will look up in our heavens and we will witness the return of the two brothers, who helped create this world in the birthing time. Poganghoya is the guardian of our North Pole and his Brother Palongawhoya is the guardian of the South Pole. In the final days the Blue Star Kachina will come to be with his nephews and they will return the Earth to its natural rotation, which is counter clockwise."

"This fact is evidenced in many petroglyphs that speak of the Zodiac, and within the Mayan and Egyptian pyramids. The rotation of the Earth has been manipulated by not so benevolent Star beings. The twins will be seen in our North Western skies. They will come and visit to see who still remembered the original teachings flying in their Patuwvotas, or flying shields. They will bring many of their star family with them in the final days.

"The return of the Blue Star Kachina, who is also known as Nan ga sohu, Ghost Wolf says, "will be the alarm clock that tells us of the new day and new way of life, a new world that is coming."

"We are now living in a pivotal time in the history of humanity," states Adam Yel-

lowbird, head of the Institute for Cultural Awareness (ICA). "The world has awaited a renewed life's plan. Now we look towards our grand elders and wisdom keepers' Cosmivision for specific instructions and guidance towards the reconnection to the natural laws. The seen and unseen from the past, present and future unfold. Destiny brings us all to this point in time. The men and women of wisdom have returned. History and Her story are unfolding in front of our very own eyes."

The Flying By family of the Hunkpapa Lakota people adopted Adam Yellowbird when he was 21 years-old and since then he has been traveling all around the Americas visiting various spiritual leaders and indigenous elders. Yellowbird went on a vision quest to the San Francisco Peaks and discovered his destiny is to be a bridge and a messenger.

This April the most phenomenal event in the world is happening. ICA is presenting The Return of the Ancestors Gathering. It is an historic, international, multicultural gathering and sacred pilgrimage welcoming over 72 indigenous elders and future wisdom keepers, representing the voice of Mother Earth, beginning Earth Day weekend, April 18-28, 2009 throughout Northern Arizona. Its first pilgrimage stop is Sedona, Arizona. Opening ceremonies will begin at 9 a.m. on the 18th. There will be ceremonies held for our Mother Earth and for all of humanity. "Please join with the Elders through these days with your prayers and intentions," Yellowbird requested, "We are inviting the world to join together with one voice, one prayer and one Heart energy for peace, unity, the healing of our Mother Earth and for the healing of our ancestral memories."

There will be Elders and the Future Wisdom Keepers, the children, shamans and spiritual leaders of indigenous people of the world will come together to create a new life plan. Yellowbird explained, "A new calibration of the Earth will be shaped to help with the Healing of the Ancestral Memory of past wounds, wars and cultural differences."

"Humanity has waited for the day of peace and harmony to reign in this world for hundreds of years," Yellowbird declared, "We are at a pivotal point, where action needs to be taken. We must move in a new direction with each individual seeking the healing of his or her ancestral memories. This will enable humanity to move forward. A proclamation will be made for the ancestral memories to be healed globally for all time and space."

You can support the Ancestors Gathering by attending and joining with the Elders in Northern Arizona. It is a wonderful way of linking your energy and prayers to the intention of the gathering. You can also do this from your home through a personal ceremony, through gatherings with others in your community, in backyards, mountains, by sources of water like lakes, rivers and springs, inside churches, synagogues, mosques and other places of worship, or sacred sites around the world.

If you want to attend or are planning a gathering in support of the Ancestors Gathering and would like to let others know about it to join with you, please let us know and we will post it on the web site www.earthworksforhumanity.org.

"During the eleven days of ceremonies, prayers and celebration, nine stone tablets will be brought to the gathering," said Yellowbird. "A new directive will be set in stone by The Elders and youth alike. Using glyphs, symbols and words. This set of guide stones will shine a light on their interconnectedness of all things; inspiring mankind to walk lightly on the earth once more and to leave a legacy for future generations to come."
